

## **Annual Report**

### **2015-16 Committee on Committees, Membership and Constituencies**

#### Members

Chair, Lisa DiBartolomeo, (ECAS)

Chair-Elect, Virginia Kleist (B&E)

Carolyn Atkins, (CEHS)

Michael Mays (ECAS)

Denis Scott, (EXT)

Ex officio Alan Stolzenberg, (ECAS), Faculty Senate Secretary

Ex officio Richard Turton, (SCEMR), Faculty Senate Chair

Ex officio Lena Maynor (PHARM), Faculty Senate Chair-elect

Ex officio Jennifer Orlikoff (ECAS), Faculty Senate Past Chair

#### Committee Charge

The charge of the Committee on Committees, Membership and Constituencies (CoC) is to:

- secure capable committee members and committee chairs who have experience on their respective committees and to achieve a balance between senior and junior faculty members and among the various schools and colleges, and;
- review and report to the Senate upon the constituencies to be represented within the University Assembly.

#### Accomplishments for 2015-16

Composition of Senate Committees for the academic year 2016-2017

- Faculty senators were polled regarding their willingness to serve and participate on the various Senate committees. Using this information and any additional volunteers made known to the CoC, the make-up for all Senate committees under the control of the CoC was determined. The CoC is responsible for providing names of faculty senators and faculty members for each committee. It should be noted that, in keeping with previous committee assignments, faculty senators may be substituted for faculty members. Often, such substitution is necessary in order to ensure committee leadership for the following year.
- With assistance from the Faculty Secretary's Office, the Chair of the CoC developed a new version of the spreadsheet to assist members in populating committees. The new format includes individuals who noted via electronic polling their willingness to serve on various committees; the names of all senators including those recently elected; senate terms; college/unit affiliations; length of previous senate service (if any); and email addresses.
- The results for the composition of the committees are presented on the following pages. Please note that Faculty Senators are denoted by the year in which their term ends.
- The Faculty Secretary will contact the SGA President to request a list of appointees for committees on which students serve and will forward that information to the appropriate committee chairs. From that point, the

- committee chair will contact the student members with regard to meeting dates and responsibilities.
- The chair of each committee will contact the leader of the appropriate constituency (e.g., Registrar's Office, Provost's Office, etc.) to request names of the ex-officio appointee/s and will contact the appointees with regard to meeting dates and responsibilities.

#### Goals for 2016-2017

- Discuss and clarify procedures for selecting candidates whose names will appear on the ballot for the Senate Executive Committee and determine if substantive Senate committee work should be required of those interested in serving
- Discuss and clarify the role of ex officio members and their rights to vote on Senate committees. (According to the Senate constitution, "students and non-University persons may be asked to serve on appropriate committees as ex-officio members without vote." According to Roberts Rules of Order, ex-officio members are voting members.)
