Traditions of the academic community in general and of West Virginia University in particular demand that the faculties of the colleges, schools, and divisional campuses of West Virginia University participate fully in the governance of the University. It is recognized that legal authority to guide and regulate the University is vested by the West Virginia Legislature in the West Virginia University Board of Governors through the President of the University. Campus Presidents at Potomac State College of WVU and the WVU Institute of Technology report to the President of the University through the Provost and Vice President for Academic Affairs. It is recognized that the faculties of the divisional campuses of WVU will pursue their own governance as needed, consistent with University policies and practices, but will be represented in the Faculty Senate. It is further recognized that as a corollary of academic freedom, the faculty has a responsibility for guiding the academic pursuits of the University as well as for guiding the academic pursuits of each campus, college, school, or their equivalent in the University. The University faculty acknowledges responsibility to communicate its views on matters bearing upon the academic program to those exercising legal authority over the institution. To that end, this Constitution is established to facilitate a meaningful flow of information and to further understanding among the faculty, administration, students, and staff; and to assist the President and the governing and policy boards in developing University policy.
